PRESIDENT'S MESSAGE

Dear Graduates,

It is my pleasure to offer heartfelt congratulations to each of you on your graduation we are celebrating today.

Even before I began my role as president of Purdue University on January 1, I have long appreciated the importance and significance of Purdue Global. For most of you, as an adult learner, you have responsibilities that traditional college students do not. You accepted the challenge to pursue or resume your education in true Boilermaker fashion – with determination and persistence. I join your professors, deans, Provost Harbor, and Chancellor Dooley in saying how proud we are of you.

The overall Purdue student body numbers over 100,000, and to our university's unique combination of excellence and values generations of Boilermakers have been ever true. You are now part of our loyal alumni family.

We wish you the best of luck and look forward to watching your continued success.

Hail Our Purdue!

CHANCELLOR'S MESSAGE

Dear Graduates,

On behalf of Purdue University Global's Board of Directors, administration, faculty, and staff, we congratulate you as a member of the Purdue University Global graduating class! Earning a degree is a major milestone and an extraordinary accomplishment. This year brought even more challenges, yet you persevered. You have worked hard and made great sacrifices, and it is with great pleasure that we commend you on a job well done. You should be proud!

The degrees and certificates you have earned will open doors to the many opportunities that are available in this changing society. It is our hope that you will continue to reflect on your Purdue Global experience as you move forward to pursue your dreams. Whether you are expanding in your current field of work, venturing down a new career path, or continuing your educational pursuit, let this milestone serve as the beginning of a life-long quest for knowledge.

Purdue University Global is pleased to welcome you to the ranks of our alumni. We are proud to be part of your lives, admire the effort you have invested, and feel confident that the tenacity and intellect you've demonstrated as a student will serve you well in your future endeavors. Congratulations!

Hail Purdue Global!

COMMENCEMENT SPEAKER

Kahil Cole
Master of Business Administration, Class of 2022

Kahil Cole is a 2022 Purdue Global alum, graduating with a Master of Business Administration. He is a proud native of Nashville, TN, where he was born and raised. He now lives in Atlanta, GA, with his two children and wife of 15 years, Dr. Nicole Cole, who is the Director of Mammography at the John B. Amos Cancer Center. The Coles relocated to the Atlanta Metro Area in 2013 from Boston, MA, with their two children: 9-year-old Blake, who plays the piano and is closing in on her Junior Black Belt in Jujitsu, and 4-year-old Caleb, who loves baseball and soccer, and one day wants to be Spiderman.

Kahil's strong work ethic began at a young age when he began working as a cashier at the age of 14. Throughout the years, his perseverance and hard work continued as he graduated with a Bachelor of Science in Business Administration from Tennessee State University in 2002, and then twenty years later earned his Master's degree through Purdue Global.

Kahil's devotion for serving people is undeniable. He is passionate about the development of young people, mentoring, helping underserved areas and supporting volunteer acts to improve community engagement. As a leading voice in youth empowerment and community development, he focuses on teaching perseverance and hard work along with giving back and staying active in the community. Today, Kahil has mentored hundreds of young people, ranging from high school to recent college graduates, and alongside his wife, has provided support to local women's shelters and breast cancer awareness. He is on the advisory board for the School of Business at Tuskegee University and is a certified life coach. Professionally, Kahil is a lifelong sales leader who specializes in leadership development, and in his "free time" has authored several children's books. When he's not working, Kahil enjoys spending time with his family and friends, traveling, or simply listening to a good podcast.

The awarding of degrees to the candidates' names in this program is contingent upon the satisfactory completion of the appropriate requirements by each candidate, as verified by the Registrar. The listing of a student's name in this program, or participation in the ceremony, does not ensure their graduation or the award of honors. This list includes only those who registered to participate in the graduation ceremony by August 18, 2023. Academic honors statuses noted in this program are based on the student's CGPA as of August 18, 2023.

A MESSAGE FROM THE PURDUE FOR LIFE FOUNDATION

Congratulations, Graduates!

Your persistence has paid off, and I'm proud to welcome you to a global community of nearly 600,000 living Purdue alumni.

I'm Matt Folk, president and CEO of the Purdue for Life Foundation and a 1991 electrical engineering graduate. Purdue for Life helps people who love Purdue stay connected, get involved, and give back.

Your Purdue journey isn't ending—it's just beginning. No matter where your next giant leap takes you, here are three easy ways to keep in touch with your Purdue family after graduation:

Stay Connected

You can stay connected in a variety of ways—including through a regional club or an affinity network or by joining the Purdue Alumni Association.

Visit purdueforlife.org/connect to learn more.

Get Involved

Expand your network by joining Purdue's premier networking and mentoring platform. Through Purdue Ties, you can connect with fellow alumni for mentoring, browse job postings, and more.

Visit purdueforlife.org/purdue-ties to get started.

Build Your Career

Purdue for Life is your portal for lifelong learning. Broaden your mind by taking advantage of professional development opportunities and online courses across your lifetime.

Visit purdueforlife.org/lifelong-learning to learn more.

Hail Purdue and each of you.

Matt Folk (ECE'91)

Alumni Engagement, Purdue University*

THE MACE

Purdue University Global commencement ceremonies begin with the entrance of the University Mace—carried by the macebearer, who leads the chancellor and other dignitaries onto the stage.

The current mace first appeared at the May 2022 commencement in Indiana. It was constructed by Michael Lorenz, Purdue Global vice president of Strategy & Academic Operations and registrar, in addition to being a self-described “amateur woodworker.”

The mace consists of 18 segments, representing Purdue Global’s founding in 2018. It is made entirely from locally sourced woods, symbolizing the university’s Indiana heritage. One section is composed of layers of different woods, evoking the diversity of students, faculty, and staff that is a hallmark of the institution and its mission. Three pieces of the current mace are refurbished from the previous mace, a reminder of Purdue Global’s legacy, which traces its roots to the American Institute of Commerce, a postsecondary school that opened in 1937 to provide training for underserved job seekers in a nation still reeling from the Great Depression.

The tradition of the mace originates from medieval times in England when it was carried by bishops of the church into battle as a protective device. Later, the mace was carried by sergeants-at-arms who were bodyguards of kings and others of high rank. Legislative bodies such as the U.S. House of Representatives and the British Parliament also adopted the ceremonial mace as part of the pomp and circumstance associated with the beginning of meetings. Today, many universities carry a mace to symbolize the importance of commencement and as acknowledgement of the academic process.

HISTORY OF THE BOILERMAKER

Legend of the Boilemaker

An 18-foot, 5,400-pound bronze statue that celebrates the lore and legend of the Purdue Boilemakers now stands next to Ross-Ade Stadium with an inscription that reads: "The year was 1891. A college known for its proud heritage of educating the sons and daughters of the working class began to dominate opponents in football. After a 44-0 thrashing of Wabash College, a headline writer provided inspiration for a most unique nickname. 'Wabash Snowed Completely Under by the Burly Boiler Makers from Purdue' chronicled a victory by the 'Herculean wearers of the black and old gold.' Never intended as a compliment, the insult appealed to the students of the day. The indomitable spirit of the boilemaker is embodied in the tireless laborer you see before you.

Boilemaker Special

The locomotive design of Purdue's official mascot celebrates the University's renowned engineering programs. The first Boilemaker Special was presented in September 1940 and has been used to announce campus events ever since.

Purdue Pete

Pete's story began in 1940 when University Book Store hired California artist Art Evans to draw a logo. The grinning, muscular icon reflected a boilemaker tradesman with a mallet for molding steel and hat to keep grease out of his hair.

In 1944, the logo jumped from retail to academe, starring in Purdue's Debris yearbook. "Introducing Boilemaker Pete," wearing a home economics apron among them.

Pete moved from page to personhood on Sept. 28, 1956, at a pep rally before Purdue played Missouri, when student Larry Brumbaugh (ME'57) donned foam rubber padding, football shoulder pads, long black pants, sweater with a P, and a papier-mâché head.

BOILER UP!

“Boiler Up!” is used as “Go Purdue” or as “Cheer Up!” Students also use it to greet each other and to cheer in football games.

This phrase was partly a creation of former football coach Joe Tiller, who led Purdue’s football team through one of the most successful periods of Purdue football history from 1997 through 2008. But before coaching at Purdue, he had coached at the University of Wyoming, also known as the Cowboys. During his time at the University of Wyoming, Joe Tiller used the phrase “Cowboy Up” to cheer up his players. When he started working at Purdue, he wanted a similar phrase to use with the Boilermakers. Therefore, Joe Tiller and his wife, Arnett Tiller, came up with the phrase “Boiler Up.”

However, coincidentally, a very similar phrase has been used decades ago in steam-powered locomotives. When the coal box was hot enough and the engine was ready to go, the fireman would yell “Boiler’s Up!” to let the locomotive engineer and the conductor know the boiler was ready.

“HAIL PURDUE!”

“Hail Purdue” is Purdue’s official fight song. The song was composed in 1912 by Edward Wotawa (music) and James Morrison (lyrics).

The Hail Purdue Wall

The Hail Purdue Wall was installed in the fall of 2014 to commemorate the song’s 100th anniversary. Constructed using glass and brick, the wall is consistent with the rest of the red brick campus architecture. It was decided that the words would be etched onto glass to allow one to see the fight song with the “scenes of Old Purdue” behind it. The wall was placed near Elliott Hall of Music.

Big Bass Drum

Known as the “world’s largest drum,” it stands 10 feet tall on its field carriage and is handled by a crew of four band members with two beaters. The drum draws attention wherever it goes from fans who want their picture taken with the instrument. It still has its original 1921 frame, which is eight feet in diameter and nearly four feet between its two heads.

Old Oaken Bucket

In 1925, Dr. Clarence Jones, Indiana University alum, and Russel Gray, Purdue University alum, were given the task of finding a suitable trophy to represent the rivalry between the two schools. They traveled across the state in search of “the most typical Hoosier form of trophy.” Jones and Gray came across Bruner Farm, where a bucket hung from a well. They brought the bucket back with them and restored it. George Ade, representing Purdue, and Harry Kurrie, representing Indiana, presented the Old Oaken Bucket trophy to President Bryan, of Indiana University, and Dr. Elliott, of Purdue University, at Ross-Ade Stadium, in the 1925 game. Ironically, the 1925 game ended in a 0-0 tie. The bronze block “IP” was linked to the trophy to signify the tie. As of 2019, Purdue leads the services 74-42-6.
