PRESIDENT'S MESSAGE

Dear Graduates,

It is my pleasure to offer heartfelt congratulations to each of you on your graduation we are celebrating today.

Even before I began my role as president of Purdue University in January 2023, I had long appreciated the importance and significance of Purdue Global. For most of you, as an adult learner, you have responsibilities that traditional college students do not. You accepted the challenge to pursue or resume your education in true Boilermaker fashion – with determination and persistence. I join your professors, deans, academic leadership, and Chancellor Dooley in saying how proud we are of you.

The overall Purdue student body numbers over 100,000, and to our university's unique combination of excellence and values generations of Boilermakers have been ever true. You are now part of our loyal alumni family.

We wish you the best of luck and look forward to watching your continued success.

Hail Our Purdue!

COMMENCEMENT SPEAKER

Walda Collins
Bachelor of Science in Professional Studies, Class of 2022

Walda Collins earned a Bachelor of Science in Professional Studies from Purdue Global in 2022, and is a Marine Corps veteran with over 23 years of honorable and faithful service. She's a classically trained chef, author, and life strategist, and has turned her passion into helping others fulfill their purpose and live a healthier life through food and faith. She shares her passion to encourage, equip and empower women to strategically align their lives through the four pillars: faith, family, finances, and fitness & health.

As the founder of **Woman D.A.R.E to Live**, Walda challenges women to stand strong, face adversity and live life on purpose through events, courses and speaking. Walda has distinguished herself through mentoring, counseling and educating others, for over 20 years. Having traveled around the world throughout her military career, she engages the hearts and minds of many people through her warm spirit, inspirational speaking, and passion to motivate and inspire change.

Walda co-authored her first book, *Behind Their Brand*, in a chef's collaboration sharing their journey "behind the stove." An additional collaboration with fellow gifted speakers, alongside Dr. Cheryl Wood, Walda contributes her thoughts and inner strengths in the book, *Women Crushing Mediocrity*. In her current book, *A Warrior's Sword*, Walda provides strategies that help her readers garner a "never give up attitude and a Warrior's expectancy to win."

Walda is married to her husband of 27 years, Dr. Keith G. Collins, Sr. and whole-heartedly loves her two "adulting" sons Zach and Keith, Jr. She is also the "CiCi" to two amazing little humans, Sariah and Na'Kobi Collins.

THE MACE

Purdue University Global commencement ceremonies begin with the entrance of the University Mace—carried by the macebearer, who leads the chancellor and other dignitaries onto the stage.

The current mace first appeared at the May 2022 commencement in Indiana. It was constructed by Michael Lorenz, Purdue Global vice president of Strategy & Academic Operations and registrar, in addition to being a self-described “amateur woodworker.”

The mace consists of 18 segments, representing Purdue Global’s founding in 2018. It is made entirely from locally sourced woods, symbolizing the university’s Indiana heritage. One section is composed of layers of different woods, evoking the diversity of students, faculty, and staff that is a hallmark of the institution and its mission. Three pieces of the current mace are refurbished from the previous mace, a reminder of Purdue Global’s legacy, which traces its roots to the American Institute of Commerce, a postsecondary school that opened in 1937 to provide training for underserved job seekers in a nation still reeling from the Great Depression.

The tradition of the mace originates from medieval times in England when it was carried by bishops of the church into battle as a protective device. Later, the mace was carried by sergeants-at-arms who were bodyguards of kings and others of high rank. Legislative bodies such as the U.S. House of Representatives and the British Parliament also adopted the ceremonial mace as part of the pomp and circumstance associated with the beginning of meetings. Today, many universities carry a mace to symbolize the importance of commencement and as acknowledgement of the academic process.
