PRESIDENT'S MESSAGE

Dear Graduates,

It is my pleasure to offer heartfelt congratulations to each of you as we celebrate your graduation today.

Purdue Global personifies excellence at scale for working adults. Most of you have responsibilities that traditional college students do not, and yet you accepted the challenge to pursue or resume your education in true Boilermaker fashion — with determination and persistence. I join your professors, deans, academic leadership, Chancellor Dooley and interim CEO Chris Ruhl in saying how proud we are of you.

The overall Purdue student body numbers more than 105,000, and generations of Boilermakers have been ever true to our university's unique combination of excellence and values. You are now part of our loyal alumni family.

We wish you the best of luck and look forward to watching your continued success.

Hail Our Purdue!

CHANCELLOR'S MESSAGE

Dear Graduates,

On behalf of Purdue Global's Board of Trustees, administration, faculty, and staff, we congratulate you as a member of the Purdue Global graduating class! Earning a degree is a major milestone and an extraordinary accomplishment. These past years brought even more challenges, yet you persevered. You have worked hard and made great sacrifices, and it is with great pleasure that we commend you on a job well done. You should be proud!

The degrees and certificates you have earned will open doors to the many opportunities that are available in this changing society. It is our hope that you will continue to reflect on your Purdue Global experience as you move forward to pursue your dreams. Whether you are expanding in your current field of work, venturing down a new career path, or continuing your educational pursuit, let this milestone serve as the beginning of a life-long quest for knowledge.

Purdue Global is pleased to welcome you to the ranks of our alumni.

We are proud to be part of your lives, admire the effort you have invested, and feel confident that the tenacity and intellect you've demonstrated as a student will serve you well in your future endeavors. Congratulations!

Hail Purdue Global!

COMMENCEMENT SPEAKER

Emily Faith Lewis
Bachelor of Science in Nutrition, Class of 2024

Emily Faith Lewis is a recent Purdue Global graduate who completed her bachelor's degree in nutrition, Summa Cum Laude, in February 2024. She is continuing her educational journey pursuing her Master of Public Health degree.

Emily is a community advocate with five years of experience working in Dementia and Alzheimer's research. She currently works at a non-profit in Boston that seeks to end elder isolation and the public health obstacles that older adults face. She recruits and manages volunteer teams that visit older adults, specifically those with Dementia and Alzheimer's, who are at high risk for health issues related to loneliness.

Additionally, Emily teaches a dance therapy program to older adults with Parkinson's Disease in the South End in Boston. She has over 25 years of dance experience, primarily in ballet, and actively competes in ballroom dance competitions across the country.

Emily is an advocate for adults in her community as well as young cancer survivors. Her journey back to school was fueled by her genetic cancer diagnosis in 2021, which led to a two-year journey of radical treatments. Emily enrolled at Purdue Global within two months of her first treatment. She wanted to prove to herself that she could accomplish her educational goals despite the obstacles in front of her. Three years later, Emily graduated with highest honors in her nutrition program.

Emily decided to pursue a health science degree to learn more about holistic practices that prevent disease and cancer risk. She has a special interest in preventative medicine through integrative practices of nutrition and movement and hopes to focus on this in her master's research.

Emily currently resides in the heart of Boston, Massachusetts with her fiancé, two cats and beloved cockatiel. When she is not studying or dancing, you can find her dancing some more, baking, petting dogs and getting lost in a farmers market.

The awarding of degrees to the candidates' names in this program is contingent upon the satisfactory completion of the appropriate requirements by each candidate, as verified by the Registrar. The listing of a student's name in this program, or participation in the ceremony, does not ensure their graduation or the award of honors. This list includes only those who registered to participate in the graduation ceremony by August 1, 2024. Academic honors statuses noted in this program are based on the student's CGPA as of August 1, 2024.

HISTORY AND TRADITIONS

The Mace

Purdue Global commencements begin with the entrance of the University mace. The mace first appeared at the May 2022 commencement in Indiana. It was constructed by Michael Lorenz, Purdue Global Vice President of Strategy & Academic Operations and Registrar.

The mace consists of 18 segments, representing Purdue Global's founding in 2018. It is made entirely from locally sourced woods, symbolizing the University's Indiana heritage. One section is composed of layers of different woods, evoking the diversity of students, faculty, and staff that is a hallmark of the institution and its mission. Three pieces of the current mace are refurbished from the previous mace, a reminder of Purdue Global's legacy, which traces its roots to the American Institute of Commerce, a postsecondary school that opened in 1937 to provide training for underserved job seekers in a nation still reeling from the Great Depression.

The tradition of the mace originates from medieval times, when it was carried by bishops into battle as a protective device; later, it was carried by bodyguards of kings and others of high rank. Legislative bodies then adopted the ceremonial mace as part of the pomp and circumstance associated with the beginning of meetings. Today, many universities carry a mace to symbolize the importance of commencement and as acknowledgement of the academic process.

Legend of the Boilemaker

An 18-foot, 5,400-pound bronze statue that celebrates the lore and legend of the Purdue Boilemakers now stands next to Ross-Ade Stadium with an inscription that reads: The year was 1891. A college known for its proud heritage of educating the sons and daughters of the working class began to dominate opponents in football. After a 44-0 thrashing of Wabash College, a headline writer provided inspiration for a most unique nickname. 'Wabash Snowed Completely Under by the Burly Boile Makers from Purdue' chronicled a victory by the 'Herculean wearers of the black and old gold.' Never intended as a compliment, the insult appealed to the students of the day. The indomitable spirit of the boilemaker is embodied in the tireless laborer you see before you.

Boilemaker Special

The locomotive design of Purdue's official mascot celebrates the University's renowned engineering programs. The first Boilemaker Special was presented in September 1940 and is often used to announce campus events.

Purdue Pete

Pete's story began in 1940 when University BookStore hired California artist Art Evans to draw a logo. The grinning, muscular icon reflected a boilemaker tradesman with a mallet for molding steel and hat to keep grease out of his hair.

In 1944, the logo was introduced as Boilemaker Pete, in Purdue's Debris yearbook, and on September 28, 1956, Purdue Pete made his first appearance at a pep rally before Purdue played Missouri, when student Larry Brumbaugh (ME'57) donned foam rubber padding, football shoulder pads, long black pants, a sweater with a P, and a papier-mâché head.

BOILER UP!

“Boiler Up!” is used as “Go Purdue” or as “Cheer Up!” Students also use it to greet each other and to cheer in football games.

This phrase was partly a creation of our former football coach Joe Tiller, who led Purdue’s football team through one of the most successful periods of its history from 1997 through 2008. Before coaching at Purdue, he had coached at the University of Wyoming, also known as the Cowboys. During his time at the University of Wyoming, Joe Tiller used the Phrase “Cowboy Up” to cheer up his players. When he started working at Purdue, he wanted a similar phrase to use with the Boilermakers. Therefore, Joe Tiller and his wife, Arnett Tiller, came up with the phrase “Boiler Up.”

However, coincidentally, a very similar phrase has been used decades ago in steam-powered locomotives. When the coal box was hot enough and the engine was ready to go, the fireman would yell “Boiler’s Up!” to let the locomotive engineer and the conductor know the boiler was ready.

“HAIL PURDUE!”

“Hail Purdue” is Purdue’s official fight song. The song was composed in 1912 by Edward Wotawa (music) and James Morrison (lyrics).

The Hail Purdue Wall

The Hail Purdue Wall was installed in the fall of 2014 to commemorate the song’s 100th anniversary. Constructed using glass and brick, the wall is consistent with the rest of the red brick campus architecture.

It was decided that the words would be etched onto glass to allow one to see the fight song with the “scenes of Old Purdue” behind it. The wall was placed near Elliott Hall of Music.

Big Bass Drum

Known as the “world’s largest drum,” it stands 10 feet tall on its field carriage and is handled by a crew of four band members with two beaters. The drum draws attention wherever it goes from fans who want their picture taken with the instrument. It still has its original 1921 frame, which is eight feet in diameter and nearly four feet between its two heads.

Old Oaken Bucket

In 1925, Dr. Clarence Jones, Indiana University alum, and Russel Gray, Purdue University alum, were given the task of finding a suitable trophy to represent the rivalry between the two schools. They traveled across the state in search of “the most typical Hoosier form of trophy.” Jones and Gray came across Bruner Farm, where a bucket hung from a well. They brought the bucket back with them and restored it. George Ade, representing Purdue, and Harry Kurrie, representing Indiana, presented the Old Oaken Bucket trophy to President Bryan, of Indiana University, and Dr. Elliott, of Purdue University, at Ross-Ade Stadium, in the 1925 game. Ironically, the 1925 game ended in a 0-0 tie. The bronze block “IP” was linked to the trophy to signify the tie. As of 2023, Purdue leads the overall series 77–42–6.
